Z Club 92

General Information

From the beginning of its activities in 1993, Z Club 92 has been a central source of information on Z Scale Model Railroad matters. Thanks to the close cooperation with companies and manufacturers active in this sector of the business, the publication of 'Z-Info,' and the home page on the internet (http://www.zclub92.com), the Club in now in the position, to provide Z Scale fans with the most complete and most up-to-date information on the Z Scale world.

Z-Info

On a quarterly basis each member receives 'Z-Info', an exclusive magazine. Each issue consists of 32 pages, without any advertisements, and it reports first hand about all aspects of Z Scale. Each issue includes special features such as electronics, collectors' service, product reviews and market place of the Z Scale area.

Club Train

In addition to the annual 4 issues of Z-Info, each year a member receives a Special Car, exclusively produced by Märklin. Beginning in 2002 each year until 2011 another car will be issued to complete the Club Train. Finally, the members will own a construction-train of the German private railroad-company Mittelweserbahn. In 2004 the "special-car" is a loco-shell and the box for the whole train[1].

[1] The Loco shell is available to members that subscribe to minimum 5 years from 2002 to 2011. Instead of the Loco shell a different car made by the Club will be supplied.

Winner's Car

Do you like to exhibit your original efforts? Well, this may pay with us. If you win one of our contests, you will win a Special Car exclusively produced for Z Club 92. If you participate at the contest, which we include in each issue of Z-Info, you may win one of these Special cars. Here is shown the second Winner's Car, a beer car of a real prototype. Check: www.rebenbummler.de.

Model of the Year

Each year Z Club 92 awards a plaque for the best original model in Scale Z among the novelties on market. Every member may vote for the Model of the Year, using the form included in Z-Info 1 each year. As example the German class E 18 by Heckl Kleinserien won this award in 2001.

To join

Z Club 92

please complete the adjacent application form and mail it to:

Z Club 92
Via Morgagni 15/2
I-41100 Modena
Fax: +39 59 29 21 936
http://www.zclub92.com

From the year 2005 Z-Info is available only in German language

Membership Conditions:

The subscription to **Z Club 92** is on an annual calendar basis, only, running from January through to December. All members, including also those joining during the course of the year, receive the Annual Club Car and 4 issues of the Z-Info magazine. Members are entitled to take part in all activities promoted by **Z Club 92**.

Back issues of the Z-Info including the relevant Annual Club Car are available beginning with 1993. In case the corresponding Annual Club Car is no more available, **Z Club 92** delivers a substitute, which is also especially produced for us by Märklin.
